

Hi! Our names are Tom and Katie, and we have been together for six years. Tom is a high school math teacher. He loves his job, and in his spare time he enjoys listening to music and singing with his band. Katie is an accountant. In her free time she loves being outdoors or volunteering within our community. As a couple, we like traveling to new places, riding our bikes in the park, and playing with our dog, Oscar. We have many of the same interests and share the same silly sense of humor. We enjoy each other's company and can have a great time doing just about anything as long as we're together.

We have a happy life, and we are ready to share that life with a baby. We want to be parents more than anything in the world, and we are very excited to start our family through adoption. We both have cousins who were adopted, so we have seen and experienced firsthand what an amazing gift adoption is!

We live in a lovely, four bedroom home in a family-oriented neighborhood in Illinois. We love having family and friends over for holidays, family celebrations, or just to relax for a BBQ or game of Frisbee. We are both very close to our families and see them often. They are extremely supportive about our plan for adoption and are excited to welcome the newest member of the family. This will be the first baby on Katie's side of the family, and her parents can't wait to become grandparents. We also have three adorable pets that are a very important part of our family. We love coming home to their happy, eager faces and can't imagine our lives without them. They definitely help fill our home with lots of love.

As parents, we will share with your child our values, including kindness to animals, importance of education, joy of music, and love of God and family. We will take him/her on many family vacations and offer every opportunity to explore interests and hobbies. We will teach him/her to be confident in who they are and in all they can become. Most importantly, we will provide unconditional love and support. We promise you that we will be the best parents that we can be, and we will raise your child in a warm and loving home full of fun and laughter.

Thank you for taking the time to read about us. We can only imagine how difficult a time this is for you and we are extremely grateful for your strength and courage as you make your adoption plan for your baby. Please know that no matter what your decision is, we wish the very best for you!

With love,

Tom and Katie

With our friends' baby
